DUCOTE was a friend of former organizers and owners of the law school and, accordingly, he approached her as to the possibility of her joining him in a business venture. She indicated the business venture was to include the organization of a school for migrant workers, which was to be operated for the benefit of both growers and workers. She stated during the time she was with DUCOTE, he told her he was working on this project with an individual named BROWNING, who is a United States Attorney for the Northern District of California. DUCOTE advised that federal assistance would be obtained for this school through BROWNING. In addition, DUCOTE claimed to be a consultant to the House on Unamerican Activities and a former Sheriff with the Santa Clara County Sheriff's Office. Based on these representations, she extended approximately \$3,000 in credit to DUCOTE, mainly in the nature of payment of hotel rooms and rented cars. The money had not been repaid. [] stated during their travels they spent most of their time in the Fresno, Bakersfield, and Salinas, California, areas and contacted many growers. She stated DUCOTE frequently drops the names of prominent people and it became obvious to her that she was nothing more than part of a con game.

On 1/6/75, United States Attorney JAMES L. BROWNING, JR., San Francisco, advised that DUCOTE had used his name in the past as being one of the numerous individuals that he was working with to establish a school for migrant workers. BROWNING stated that he had never taken part in any such program and DUCOTE was not familiar to him.

b7C

On 12/12/74, Sergeant M. ROBERT BROWNING, Detective Division, Fraud Unit, San Jose, California, stated he has had numerous complaints filed on DUCOTE and that as of this date, he had been unable to make a case on him.

On 2/18/75, AUSA JERRY K. CIMMET, San Francisco, advised that in view of [] personal relationship with DUCOTE he would decline prosecution. The case was closed at San Francisco.

DUCOTE was also the subject in another Impersonation matter within the San Francisco Division based on a complaint on 11/12/69 from JACK JONES, Chief Investigator, San Mateo District Attorney's Office, Redwood City, California. JONES as complainant advised that during the course of another investigation by his office, information was relayed to him that JEROME JOSEPH DUCOTE had represented himself as being an Investigator for the House Unamerican Activities Committee.

On 1/6/70, [redacted] Investigator, Santa Clara County District Attorney's Office, San Jose, California, advised as follows:

b7C

[redacted] DUCOTE was formerly a member of the Santa Clara County Sheriff's Office but was fired for excessive drinking, excessive women, and passing of bad checks. He left the Sheriff's Office about 8 years prior to then and [redacted] had only seen him on a few occasions since that time. [redacted] stated that sometime during 2/69 he had occasion to converse with DUCOTE in Sacramento, California, at the top of the Miramar Hotel while he, [redacted] was attending legal conferences there. DUCOTE made the comment to him at that time that he was with the House Committee on Unamerican Activities. DUCOTE also stated that this was unofficial. Nothing further was added. [redacted]

On 2/19/70, JEROME JOSEPH DUCOTE, 1528 Hanct Avenue, San Jose, California, was interviewed at the San Jose Resident Agency. A copy of the FD-302 is being enclosed with this communication.

The case was closed at the San Francisco Division on 4/30/70 inasmuch as all logical investigation had been conducted and DUCOTE denied the Impersonation.

UFW Burglary Probe Focuses On San Jose Man

By GEORGE L. BAKER
Bee Washington Bureau

WASHINGTON—A San Jose man is under investigation for alleged participation in a string of "political" burglaries in the late 1960s aimed at discrediting the United Farm Workers of America, law enforcement officials disclosed.

Authoritative sources identified the man as Jerry Ducote, a one-time Santa Clara County deputy sheriff, once active in the John Birch Society and other right-wing causes in the San Jose area.

The burglaries, part of an abortive effort to link the Cesar Chavez-led UFW to Communists and radical groups, were reported in The Fresno Bee in May 1974. At the time, Ducote, speaking anonymously, told a reporter he had been involved in 15 burglaries, carried out with the support and financial backing of two prominent California growers.

Apparently believing the statute of limitations had run out, and that he therefore could not be prosecuted, Ducote took his story earlier this year to the California Bureau of Investigation, a division of the State Department of Justice. His motivation was unclear and department officials declined comment.

Now, however, law enforcement officials say they are investigating Ducote for possible violation of state laws against possessing or concealing stolen property.

The statute of limitations has not expired on these actions because,

until recently, Ducote had in his possession much of the material taken in the burglaries, according to officials.

Said one law enforcement source: "We've recovered loads of stuff. There are documents, mailing lists, files, letters, etc. Investigators are rounding up the victims and having them identify the material."

Ducote could not be reached for comment. But according to law officials and his attorney, Steve Lewis of San Francisco, Ducote has already been given a verbal warning that anything he says can later be used in prosecuting him.

According to his story, outlined to The Bee last year, Ducote and other unnamed persons were hired by growers to discredit the UFW at a time when it was first beginning to make a dent in its organizing of California farmworkers.

"The original purpose was to get as much information as possible to show the Communist or radical influence on the union to discredit Chavez," Ducote said at the time. "We also wanted to know the operation of the union and to use the information to discredit him in the eyes of the Catholic church."

Among the organizations and persons burglarized from 1966 to 1969, as outlined by Ducote and later verified by police reports, were: UFW headquarters in Delano, offices of Ramparts magazine and the Communist newspaper People's World, both in San Francisco; the Carmel

~~home~~ and Chicago office of the late social activist Saul Alinsky, a Chavez supporter; the San Jose Peace Center, the Catholic Social Justice Office and the offices of San Jose attorneys John Thorne and William Stanton, a former assemblyman.

All the burglaries involved material of a political nature such as correspondence, film, mailing lists and manuscripts.

Ducote said last year that there was never any evidence developed to link the Chavez movement to Communists, despite such belief by some growers.

His allegations of grower involvement have been made to several law enforcement agencies, including the FBI, which carried out a cursory investigation last year, and the California Department of Justice.

But there is no indication that any law enforcement agency has either taken seriously or attempted to validate his allegations.

Ducote has indicated he has evidence to implicate the growers, including travel records and cancelled checks and has said previously that he would make them available in exchange for immunity from prosecution. So far, no one has taken up his offer.

Whenever Ducote tells his story, it is laced with hints that people in high places knew of and approved of the burglaries.

There is no doubt that Ducote has worked on the fringes of the grower-UFW controversy. In 1973, when a

series of arsonist-set fires ~~destroyed~~ some packing sheds in the Delano area, Ducote presented himself as a private investigator to law enforcement officials investigating the blazes.

Investigator Buel Goldsmith of the California Division of Forestry in Tulare recalled in an interview last year that Ducote had provided several tips to possible suspects, none of which panned out.

In 1969, Ducote, together with Stephen d'Arrigo, a Salinas lettuce grower, and a former Santa Clara farm bureau official — incorporated a book publishing company, according to corporation records filed in Sacramento.

The St. Dismas Publishing Co. published one book — a critical examination of Alinsky and his social organizing techniques — and was suspended from doing business in California in 1973 for nonpayment of taxes.

Ducote's name was first linked publicly to the burglaries in September of last year, when Ramparts magazine filed a \$30 million damage suit against him in San Francisco Superior Court.

Since the lawsuit was filed, attorney for Ramparts have attempted unsuccessfully to take a deposition from Ducote, hoping to have him spell out who, if anyone else, was also involved in the burglary which occurred in 1967.

But Ducote has declined to give the deposition.

he, Cohen, had called the FBI at Bakersfield, California, several years ago and asked them to investigate a matter involving Ducote's attempts to sell him, Cohen, UFWU documents for \$25,000 and that the FBI "did nothing".

McCollum further advised that during the past several years, Ducote has bilked various individuals and/or firms out of between \$100,000 and \$200,000 by using the stolen UFWU documents and other ruses. The Santa Clara District Attorney's Office and the California State Department of Justice are both working toward eventual prosecution of Ducote, according to McCollum and Browning.

Honorable James L. Browning, Jr.
United States Attorney

Dear Mr. Browning:

In 1966 and 1967, it appears that a series of break-ins occurred, chiefly in California perpetrated by Jerome J. Ducote, San Jose, California, [redacted] and [redacted]

[redacted] California. The avowed purpose of these break-ins was to demonstrate the suspected Communist affiliations of the targeted individual, association, or corporation.

A list of the claimed break-ins is as follows:

1. San Jose Peace Center, 235 North 1st Street, San Jose, California.
2. Residence of Grace McDonald, 740 Hilmar Street, Santa Clara, California.
3. Ramparts Magazine, 301 Broadway, San Francisco, California.

16. The Philippine Social Hall, Delano, California.

It has also been claimed that these break-ins were performed with the knowledge and tacit approval of both local and national authorities specifically including the Federal Bureau of Investigation. In addition to the already named persons, others are alleged to have had access to the information and documents obtained by these break-ins and to have passed this information to interested governmental agencies. In particular Lawrence V. Cott, San Rafael, California, formerly employed by Western Research Bureau then of San Francisco, California is said to have passed stolen documents to the F.B.I. Mr. Cott has denied this.

Among those who have claimed F.B.I. knowledge of these break-ins are:

✓ Jerry C. Boyes - Los Gatos, California

✓ [redacted] - San Jose, California

✓ [redacted] Sunnyvale, California

Hon. James L. Browning, Jr.

✓ Jerome Cohen, Attorney - Salinas, California.

Others allegedly involved in the instigation of the break-ins are:

✓ Robert Kenneth Wilhelm - Los Altos, California

✓ [redacted] - Delano, California

✓ [redacted] - San Jose, California

✓ Finally [redacted], San Jose, California, is alleged to have had recent access during 1975 to documents stolen from the San Jose Peace Center and stored by Ducote.

Attached is a representative sample of the documents obtained in the break-ins. Would you please ascertain if any of these documents have found their way into the F.B.I.'s possession. If they have, may we please be informed of how, when and from whom these were obtained. With this assistance, we may be able to resolve present conflicts in testimony regarding Mr. Cott and decide what further action should be taken in his case.

We would greatly appreciate your cooperation in this matter. In addition, we also wish to obtain copies of any reports detailing the actual contacts made by the above persons with the F.B.I. so that we may properly evaluate and meet claims that these persons were acting under the instigation, direction or tacit acquiescence of the F.B.I.

JERRY DUCOTE. LILLY was advised that our files are main-

DUCOTE and were seeking assistance. An appointment was
arranged for December 1, 1975, at 2:00 p.m. at the San
Jose Resident Agency.

LILLY and MC COLLUM appeared at the San Jose
FBI Resident Agency and the interview was initiated by
MC COLLUM advising SA [REDACTED] of his rights. They explained
that DUCOTE burglarized the San Jose Peace Center, Attorney
JOHN THORN's Law Office, and GRACE MC DONALD's residence

in 1967. According to LILLY, DUCOTE claims he burglarized
these addresses at the direction of the FBI and specifically

the FBI and Western Research in Oakland, California. LILLY
pointed out that DUCOTE will be prosecuted for possession

LILLY said that his superior in San Francisco was planning to contact the United States Attorney JAMES L. BROWNING in an effort to obtain FBI files to assist in their investigation.

SA [redacted] advised MC COLLUM and LILLY that he had interviewed DUCOTE on one or two occasions, but had never directed any activities of his and had received no materials whatsoever.

A review of the files of the San Francisco Office indicate that JERRY DUCOTE appeared at the San Jose Resident Agency in 1968, at which time he was interviewed by SAs WILLIAM N. He said that Archbishop MC GUCKEN was concerned about the Communist influence in the Farm Workers Union and felt that some of the young priests were being influenced by Communist leaders. DUCOTE requested assistance from the FBI in his investigation. It was pointed out to him that the FBI could not assist him and the interview was terminated.

It is to be noted that DUCOTE was again the Subject of an impersonation case in 1974, at which time he advised [redacted] Sunnyvale, California, that he was a member of the House Committee on Un-American Activities Staff. At this time, prosecution was declined.

Santa Clara Ex-Deputy

Faces 14 Theft Counts

A former sheriff's deputy has been arrested in San Jose on charges apparently stemming from a series of burglaries the suspect claims were financed by California growers to discredit farm labor leader Cesar Chavez.

Jerry Ducote, 46, a one-time Santa Clara deputy, was taken into custody yesterday on seven counts of concealing stolen property and 14 counts of grand theft. He is being held in lieu of \$100,000 bail.

Authorities said the arrest was the result of a joint investigation by the Santa Clara and the State Department of Justice's Bureau of Investigation.

Although Ducote has said he was paid by unidentified growers to burglarize a number of groups in the late 1960s in an effort to link the United Farm Workers to Communists, the complaint did not mention his involvement in the burglaries.

Nor was there any indication that the two agencies had gathered any evidence to substantiate Ducote's allegations.

However: authorities said they have recovered documents taken in

seven of the 15 burglaries that Ducote contends he participated in. Among them were the Delano headquarters of the UFW, the San Jose Peace Center, and homes of persons sympathetic to the UFW.

In an interview with the The Fresno Bee in 1973, Ducote said, "The original purpose was to get as much information as possible to show the Communist or radical influence on the (UFW) to discredit Chavez. We also wanted to know the operation of the union and to use the information to discredit him in the eyes of the Catholic Church."

Ducote later took his story and documents to the state bureau of investigation, apparently touching off the investigation.

The charges of grand theft grow out of a series of loans made to Ducote by a group of San Jose residents from December 1973 to April of this year.

According to authorities, Ducote said he needed the money to finance an investigation of the UFW and to uncover evidence of wrong doing by the union.

Authorities said Ducote signed promissory notes on loans of from \$20,000 to \$30,000, but did not repay them.

Political Burglar's

Thrilling Tales

By Rick Carroll

Jerry Ducote, who claimed that California growers hired him to discredit Cesar Chavez as a Communist, is, according to those who know him, part con-man, part madman, but always a first rate raconteur.

His stories may not always be true, but they are always good ones, say those who knew him years ago in police work, then in Republican politics and, more recently, in plush private cocktail lounges where he spent his evenings regaling young ladies with his thrilling tales.

The 46-year-old former Santa Clara county deputy sheriff now is in a jail cell, held in lieu of \$100,000 bail and charged with more than a score of felonies because he told an investigator from the state Department of Justice his best story yet, a story of political espionage involving burglaries, kickbacks and shakedowns and possibly a coverup, a little Watergate.

He will appear publicly for the first time since his arrest when he enters a plea tomorrow in San Jose Municipal Court. He is charged with 14 counts of grand theft and seven counts of concealing stolen property.

Ducote—a tall, lean, hard-muscled and well-tanned man retains an impressive image even in the mind of Suzy Grimmer, one

of 13 Santa Clara county residents who claim he bilked them of more than a total of \$15,000 ostensibly to help finance his expose of Chavez.

"He dresses "like a big-game hunter," said Mrs. Grimmer, a divorcee who further described him as a "nice looking charmer" and a "great friend. She claimed he took her for \$5,000.

"A big spender, a big tipper, always buying drinks for others," she added.

He told friends his late-model car was supplied by the government. He lived in a suite at San Jose's fancy Le Baron Hotel, where as a non-member he appeared often in the members-only "Jabberwocky Club" with a "different, pretty lady almost every night," according to a female regular at the club.

A native of San Jose, educated by Jesuits, he never went to college, marrying instead and fathering eight children. He was divorced earlier this year.

In 1963 he resigned from the Santa Clara county sheriffs department in which he was a detective.

A high placed source says that Ducote was about to be fired.

It could have been because he moonlighted as the owner of a right-wing shop, peddling John Birch tracts from his American

Opinion Book Store in downtown San Jose.

He was often controversial and once sued the city of San Jose, demanding officials cease flying the United Nations flag at city hall.

He lost the suit but won election in 1966 as chairman of the Young Republicans of Santa Clara county, a position in which he came to be regarded by even the most dedicated right-winger as one of "the super-crazy fringe," according to Michael Cobb, former state president of the Young Republicans and current chair-

man of the Santa Clara county Republican Central Committee.

"He used to always talk about Communist conspiracies in the farm workers even back then. I took Jerry Ducote with a grain of salt," Cobb said.

In 1964 Ducote entered politics as a candidate for the 25th Assembly District, unsuccessfully opposing incumbent William Stanton whose San Jose law office Ducote later admitted burglarizing).

Two years later the Republican Central Committee on a vote purged Ducote of its membership and drove him from the party.

His public and political life over, Ducote then stooped to the crime of political burglary and brought his police skills into perverse play against the left wing in general and Cesar Chavez in particular.

Raconteur or psychopath, burglar or superpatriot, spy or agent provocateur: the whole truth of Ducote may never be known. His incredible story may be part fiction or part fantasy, or he could be telling the truth—for once.

All that state investigators know (or will say) for sure is that, upon Ducote's confessions, they recovered boxes of stolen documents from his ex-wife's garage and solved 17 political

burglaries committed a decade ago.

The solution came too late, however, to process anyone for burglary, since the three-year-old statute of limitations expired five years ago.

And, investigators say, the stolen files and documents which passed through who knows how many hands may be returned to their rightful owners soon.

Ex-Deputy Held In Burglaries

SAN JOSE (AP) — A former Santa Clara County deputy sheriff and onetime president of the county's Young Republican Club has been arrested in connection with a series of political burglaries dating back nearly a decade.

Jerome Ducote, 46, was booked into county jail Monday for investigation of 21 felonies, and was held in lieu of \$100,000 bail.

The report includes a lengthy interview with Ducote in which he admits committing 17 burglaries, most of them in 1966 and 1967. Some of his targets included a United Farm Workers office in Delano, Ramparts Magazine, several anti-Vietnam War groups and a Communist newspaper called People's World.

INFORMATION CONCERNING

On November 24, 1975, John M. Lilly, Special Agent, Bureau of Investigation, Department of Justice, State of California, contacted Special Agent [redacted] at the San Jose Resident Agency and said he would like to discuss one Jerry Ducote. Lilly was advised that our FBI (Federal Bureau of Investigation) files are maintained in San Francisco and suggested that he contact the San Francisco Field Office. Lilly replied that he and Bob J. McCollum, Investigator, Santa Clara County District Attorney's Office, "had gotten themselves into a jam" with Ducote and were seeking assistance. An appointment was arranged for December 1, 1975 at 2 p.m. at the San Jose Resident Agency.

b7C

Lilly and McCollum appeared at the San Jose FBI Resident Agency on December 1, 1975, and the interview was initiated by McCollum advising Special Agent (SA) [redacted] of his "rights". They explained that Jerry Ducote had burglarized the San Jose Peace Center, Attorney John Thorne's law office, and Grace McDonald's residence and office (publisher-editor of "California Farm Reporter") in 1967. According to Lilly, Ducote claims he burglarized these addresses at the direction of the FBI, and specifically SA [redacted] and gave copies of the materials stolen to both the FBI and Western Research in Oakland, California. Lilly pointed out that Ducote will be prosecuted for possession of the stolen documents and states Ducote's defense will be that he acted at the direction of the FBI.

The files of the San Francisco Office of the FBI indicate that Ducote appeared at the San Jose Resident Agency in 1968, at which time he was interviewed by SAs William N. Kidwell, Jr., and [redacted]. Ducote indicated that he was working for the Diocese of the Roman Catholic Church of Northern California, located at San Francisco. He said that Archbishop McGucken was concerned about the communist influence in the Farm Workers Union and felt that some of the young priests were being influenced by communists. Ducote requested assistance from the FBI in his investigation. It was pointed out to Ducote at that time that the FBI could not assist him.

On February 19, 1970, Ducote was interviewed at the San Jose Resident Agency by SAs [redacted] and [redacted]. [redacted] Ducote was advised that an investigation was being conducted concerning allegations that he was indicating that he was a member of the House Committee on Un-American Activities (HCUA).

Ducote stated that for a number of years he had been working closely with the leadership of the Catholic

JOSEPH JEROME DUCOTE

Church of San Francisco in ferreting out subversive elements in the leadership of the church. He said he was presently engaged with Kenneth Wilhelm, former director of a farm bureau of Santa Clara County, and [redacted] [redacted] California, in investigating un-American activities in California.

Ducote said that he and his colleagues have provided all subversive information obtained to the California House Committee on Un-American Activities and that he had met with members of that committee on numerous occasions. He stated that he and his colleagues have made all information available to Western Research, a private organization in the Bay Area that maintains an index of public source information concerning subversives and subversive activities.

Ducote stated that he went to Washington two months before the interview and met with Congressman Charles Gubser, Chief Consul for the HCUA, Chief Investigator for HCUA, a representative of the Central Intelligence Agency, and he said he believed that a Bureau representative was present.

b7C

Ducote told the Agents that he had told several people that he had consulted with the HCUA and that this statement might have been passed on with the impression that he was actually an employee of the HCUA. Ducote denied impersonated personnel of the HCUA and said he was sorry if he left that impression with anyone.

The facts of this matter were discussed with the United States Attorney's Office and prosecution was declined.

On December 12, 1974, [redacted] visited the Palo Alto Resident Agency of the FBI, where she made a complaint against Jerome Joseph Ducote. [redacted] said Ducote gained her confidence by claiming to be a consultant to the HCUA, and in reliance upon this she gave him approximately \$3,000, which he refused to pay back when demanded by her. [redacted] advised Agents that Ducote claimed to her to be a

JOSEPH JEROME DUCOTE

consultant to the HCUA, and he further identified himself as the former Sheriff of the Santa Clara County. During the time [redacted] worked with Ducote in attempting to set up schools for farm labor children, Ducote said he was working on this project with James L. Browning, United States Attorney for the Northern District of California. According to Ducote, Browning was going to assist him in obtaining Federal money for the school.

The facts in this matter were discussed with Assistant United States Attorney Jerry K. Cimmet on February 18, 1975, at which time Mr. Cimmet declined prosecution.

Ducote, using the alias Fred Schwartz, held a pre-arranged meeting with Jerry Cohen, Chief Council, United Farm Workers, Keene, California, on March 25, 1974 at Bakersfield, California. Schwartz claimed to have documents taken in robberies and burglaries which were carried out at the direction of two California growers which would be of interest to the United Farm Workers, and which Schwartz offered to sell Cohen for \$35,000.

Another meeting between Cohen and Schwartz took place at Bakersfield on March 31, 1974, and this meeting resulted in the identification of Schwartz as Jerry Joseph Ducote, born June 28, 1929 at Gulfport, Mississippi, and at that time a resident of 1528 Hanchette, San Jose, California. During the meeting of March 31, 1974, Ducote lowered his price to \$25,000 and named three California growers allegedly involved in this matter. Ducote exhibited to Cohen a list of burglaries conducted by him, and he said the burglaries were committed at the direction of, one, a large grape grower in Delano, California, and the other a [redacted] first name not given.

b7C

On April 1, 1974, Ducote telephoned Cohen and asked for \$600 to \$1000 immediate cash, which he said he needed for bail.

SAMUEL R. ALVIDREZ

On October 20, 1966, [redacted] California Self-Help Service Corps., Morgan Hill, California, an adjunct of OEO, reported to the FBI that Sam Alvid had impersonated an OEO agent when calling upon [redacted] at Morgan Hill, California. According to [redacted] Alvid was conducting an investigation of OEO as a private investigator and was obtaining information relating to the project and various proposals. Upon interview by SAs of the FBI, Alvid denied the allegation of impersonation and claimed that he obtained only information available to any citizen under the provisions of the Poverty Act. Assistant United States Attorney (AUSA) John J. Bartko declined prosecution stating that the impersonation was not clearly established.

On January 11, 1974, [redacted] telephonically contacted the San Jose Resident Agency and asked for SA [redacted] by name. He arranged for an interview of one of his close friends, Jerry Boyes, who he said had important information to furnish.

JOSEPH JEROME DUCOTE

JERRY CLARK BOYES

In May, 1971, Boyes made a complaint to the Referee in Bankruptcy, San Jose, California concerning alleged improprieties in connection with bankruptcy proceedings concerning several companies he had an interest in. Boyes was interviewed on two occasions and was unable to furnish any specific information with respect to this matter. His attorney was interviewed, and the attorney said he was unaware of any basis for the allegations made by Boyes.

At 5:30 a.m., July 3, 1960, Jerry Boyes telephonically contacted the San Francisco FBI Office and said he was reluctant to state what he wanted to discuss but that he must talk to an Agent personally at once. After a short discussion he indicated he was host to a foreign visitor whom he thinks is a representative of the Secretary of the Interior to Iran. The affair was set up by the Recreation Department for the City of San Jose. Boyes said that after dinner his wife and the guest began drinking very heavily and became involved in a manner that he did not approve of. He said that he got into a fistfight with the guest and broke his fist during the fight.

Boyes appeared at the Los Angeles FBI Office on September 11, 1973 and indicated that his ex-wife is married to a man who is a close associate of Angelo Marino, a reported Mafia member in the San Jose, California area.

On March 29, 1971, Boyes appeared at the San Francisco FBI Office and advised that he was being squeezed out by local politicians which amounted to thousands of dollars. Boyes at this time said he was in the business of factory producing homes under the name of Unlimited Shelters Amalgamated of Santa Clara, California. He claimed he is a close associate of "communist hunter" Ken Wilhelm and [redacted] [redacted] of San Jose. He claimed his attorney was "selling him out". He named a great number of people in Santa Clara County, leading politicians of the state, including then Governor Reagan, the head of the State Highway Commission, Wayne Valle - [redacted]

b7C

JOSEPH JEROME DUCOTE

[REDACTED] Angelo Marino, Paul - Sasko Construction Company, [REDACTED] San Jose, Senator Alan Cranston, and others involved in a giant conspiracy with the "syndicate" and through them money is being shifted into and out of California for the purposes of making San Francisco the world's largest syndicate controlled port. Boyes believed that he knows so much about all of these people that the FBI should be able to see the overall picture and should therefore rescue him from his predicament, which was bankruptcy.

On January 11, 1974, [REDACTED] Avenue, San Jose, telephonically contacted SA [REDACTED] and arranged to meet him where an individual with very important information for the Bureau would be available.

Upon arrival at the appointed place, [REDACTED] was not present; but an individual who identified himself as Jerry Boyes, furnished the following information:

Boyes said that he had been married three times, and his second wife, [REDACTED] was now in the process of suing him for child support, fraud, and various other charges. Boyes explained that he is employed on a part-time basis as a dance instructor for the San Jose Recreation Department and that he presently resides at 15902 Longwood Drive, Los Gatos, California.

b7C

Boyes pointed out by way of background that he patented the idea, and later sold through Sears company, the "add-a-room". He said this venture failed, and he later was involved in the production of modular homes at Santa Clara, California. Boyes said that he was eased out of the company into bankruptcy by the U.S. Financial Corporation, which he claims is headed up by [REDACTED]

Boyes said that his grandfather subdivided the City of Whittier, California, therefore he has been "close" to the Nixon family for years. Boyes claimed to be on a first name basis with Haldeman and Erlichman, former advisors to former President Nixon.

JOSEPH JEROME DUCOTE

Boyes said that he has been close to Ken Wilhelm, Republican leader in Santa Clara County, until recently was Secretary of the Farm Bureau in Santa Clara County. Boyes feels now that information furnished by him to Wilhelm was in turn given to the Mafia and the Communist Party.

At this point in the conversation [redacted] appeared and said that the story Boyes had to tell might sound "far out" but he had checked it and feels that Boyes is "onto something".

Boyes said that he visited his daughter in Paris, California in October, 1973, at which time the daughter told him that Boyes' first wife was involved in picking up packages at National City, California at an unnamed motel and delivering them to [redacted] in care of [redacted] [redacted] Albany, Oregon. He said he did not know whether the packages contained narcotics, money being brought into the country by [redacted] or possibly photographs to be used in a mail scheme.

b7C

Boyes claimed that one [redacted] [redacted] told him several years ago that he was working "with the FBI". He described [redacted] as a close friend of former Santa Clara County Judge Maurice Hardeman, who was convicted of arson, removed from the bench, and disbarred. According to Boyes, [redacted] through the efforts and cooperation of Judge Hardeman when he was presiding in a Santa Clara County Courtroom.

Boyes claims that he was in Los Angeles during October or November, 1973, at which time he made an appointment to tell his story to Jack Cox, Administrative Assistant to Congressman Barry Goldwater, Jr. He said that Cox did not keep the appointment, and he went to the U.S. Secret Service in Los Angeles, whereupon he entered an interview room with a Secret Service Agent and observed a photograph of the West Coast Mafia Family on the wall of the interview room. Boyes said the interviewing Agent was identical to one of the individuals in the photograph.

Boyes further indicated that he assisted in the settlement of an Army contract at Sharpe Army Depot, Stockton,

JOSEPH JEROME DUCOTE

California, and as a result received \$5,000. He said that he gave \$2800 of that money to Ken Wilhelm, who said he was donating that to Congressman Charles Gubser. Boyes said that when a list of Gubser's contributors was published, Boyes' name did not appear.

On January 14, 1974, [redacted] telephonically contacted the San Jose Resident Agency and said that Jerry Boyes had additional information which the FBI should have immediately. At 4 p.m., January 14, 1974, Boyes appeared at the San Jose Resident Agency and exhibited an envelope containing an offer from "Kiplinger Newsletter", Washington, D.C., offering a trial subscription. Boyes pointed out that he wrote a letter to Congressman Barry Goldwater, Jr., and this Kiplinger letter was a signal to Boyes that the communists had determined that he was corresponding with Congressman Goldwater.

The files of the San Francisco Office indicate that R. Ken Wilhelm, Executive Secretary, Santa Clara County Farm Bureau, 1092 North First Street, San Jose, California, appeared with two other individuals at the San Francisco Office of the FBI on April 18, 1958. These men advised they wished to report information concerning the farm situation in Santa Clara County, which to them indicates possible subversive activities. The following investigation was conducted at
San Jose, California:

On December 29, 1975, WILLIAM HOFFMAN, Assistant District Attorney, Santa Clara County, 234 E. Gish Road, advised that he did not have any direct knowledge that JEROME DUCOTE had provided documents to any Agents of the Federal Bureau of Investigation. HOFFMAN advised that he first became aware of DUCOTE's activities with respect to several burglaries in Delano, California, and his possession of stolen documents, approximately two months ago. HOFFMAN advised that the statute had run out on the burglaries and he was proceeding against DUCOTE for the possession of stolen documents. HOFFMAN advised that the persons most familiar with this matter and would know if DUCOTE ever made any statements that he had turned over documents to the FBI were JOHN LILLY of the California State Attorney General's Office in San Francisco, California, and BOB McCOLLUM of the Santa Clara County District Attorney's Office.

On December 29, 1975, BOB McCOLLUM, Investigator, Santa Clara County District Attorney's Office, 234 E. Gish Road, advised that DUCOTE never told him directly that DUCOTE had turned over documents to the FBI. McCOLLUM advised that as he recalled the documents were given to Western Research in Oakland, California. McCOLLUM advised that WALTER KUBIAS, California State Department of Organized Crime and Criminal Intelligence Bureau, had originally talked to DUCOTE and had obtained a signed statement from DUCOTE pertaining to the burglaries that DUCOTE has been alleged to have been involved in and also as to the distribution of the documents taken in the burglaries.

JOSEPH JEROME DUCOTE:

[Redacted]

On December 24, 1975, Jerome Joseph Ducote, Inmate, Santa Clara County Jail, North County Facilities, Palo Alto, California, was interviewed by agents of the Federal Bureau of Investigation. Ducote was advised of the purpose of the interview, that being Ducote's supposedly having worked for the Federal Bureau of Investigation and turning over documents to the Federal Bureau of Investigation, these documents being taken from numerous burglaries alleged to have been committed by Ducote in Delano, California. Ducote was advised of his rights by means of a Warning and Waiver of Rights form, which Ducote read, stated that he understood, but before signing he wanted to telephonically contact his attorney, Thomas Salciccia and obtain his okay before doing so. Ducote telephonically contacted his attorney and on the advice of his attorney, signed the Warning and Waiver of Rights form.

Ducote advised that he has never worked for the Federal Bureau of Investigation in any capacity. He advised that he did not turn over any documents to agents of the Federal Bureau of Investigation, nor did he ever meet any agents of the Federal Bureau of Investigation who were acting undercover in any capacity.

Ducote advised that on February 14, 1975, he met with Walter Kubias, California State Department, Organized Crime and Criminal Intelligence Bureau, and provided Kubias with approximately a ninety-five page statement pertaining to his (Ducote's) involvement in the burglaries of the United Farm Worker's Union in Delano, California. Ducote advised that at that time, Kubias made him a promise of no prosecution if he was to tell everything he knew. Ducote advised that the Attorney General's Office in the State of California apparently sat on this matter until October 15, 1975, when it was again brought to light. He advised that apparently John Lilly of the California State Attorney General's Office took over the investigation from Kubias.

JOSEPH JEROME DUCOTE:

b7C

[Redacted]

Ducote advised that during his discussions with Kubias he at no time ever mentioned or stated that he was employed by the Federal Bureau of Investigation, nor did he ever state that he had given documents to agents of the Federal Bureau of Investigation. He further advised that no names of FBI agents were ever mentioned in his discussions with Kubias.

Ducote advised that Western Research, which is located in Oakland, California, had sent an agent down to review papers that he (Ducote) had in his possession. Ducote said that he thought this individual was from Army Intelligence based on the way the person was dressed and his general appearance. Ducote advised that he had what he believed were two meetings with the Central Intelligence Agency (CIA), the first being in Washington, D. C., and the second in San Jose, California. He advised that he never directly contacted the CIA for these meetings, but that the contact was made by the Farmer's Union. Ducote did not comment further on this matter inasmuch as he was concerned that it might jeopardize his current position. Ducote advised that he also thought that at one time he had met with an Air Force intelligence officer with respect to the matter.

In addition, the following description was obtained through observation and interview:

MINUTEMEN

The Minutemen organization was organized in 1960, reportedly to resist the spread of communism in the United States by use of guerrilla tactics. Robert B. DePugh, national coordinator of the Minutemen, was sentenced in October, 1970, for violations of the Federal Firearms Act. At the time of his arrest DePugh was in possession of documents concerned with guerrilla warfare and other paraphernalia, including hand grenades, gun silencers, and a machine gun. DePugh was released on parole during April, 1973, and in June, 1973, indicated he planned to revitalize the Minutemen into a "two-armed organization." Arm number one was to be utilized as a political front organization to sway elections and control local and state political structures. Arm number two was to be an underground guerrilla organization made up of "strike teams." These "strike teams" are to be under direct control of DePugh and their existence is to be unknown to everyone, including Minutemen State Coordinators.

The files of the San Francisco Office of the FBI indicate that Ducote appeared at the San Jose Resident Agency in 1968, at which time he was interviewed by SAs William N. Kidwell, Jr., and [redacted]. Ducote indicated that he was working for the Diocese of the Roman Catholic Church of Northern California, located at San Francisco. He said that Archbishop McGucken was concerned about the communist influence in the Farm Workers Union and felt that some of the young priests were being influenced by communists. Ducote requested assistance from the FBI in his investigation. It was pointed out to Ducote at that time that the FBI could not assist him.

On February 19, 1970, Ducote was interviewed at the San Jose Resident Agency by SAs [redacted] and [redacted]

Ducote was advised that an investigation was being conducted concerning allegations that he was indicating that he was a member of the House Committee on Un-American Activities (HCUA).

Ducote stated that for a number of years he had been working closely with the leadership of the Catholic

JOSEPH JEROME DUCOTE

Church of San Francisco in ferreting out subversive elements in the leadership of the church. He said he was presently engaged with Kenneth Wilhelm, former director of a farm bureau of Santa Clara County, and [redacted] California, in investigating un-American activities in California.

Ducote said that he and his colleagues have provided all subversive information obtained to the California House Committee on Un-American Activities and that he had met with members of that committee on numerous occasions. He stated that he and his colleagues have made all information available to Western Research, a private organization in the Bay Area that maintains an index of public source information concerning subversives and subversive activities.

Ducote stated that he went to Washington two months before the interview and met with Congressman Charles Gubser, Chief Consul for the HCUA, Chief Investigator for HCUA, a representative of the Central Intelligence Agency, and he said he believed that a Bureau representative was present.

Ducote told the Agents that he had told several people that he had consulted with the HCUA and that this statement might have been passed on with the impression that he was actually an employee of the HCUA. Ducote denied impersonated personnel of the HCUA and said he was sorry if he left that impression with anyone.

The facts of this matter were discussed with the United States Attorney's Office and prosecution was declined.

On December 12, 1974, [redacted] visited the Palo Alto Resident Agency of the FBI, where she made a complaint against Jerome Joseph Ducote. [redacted] said Ducote gained her confidence by claiming to be a consultant to the HCUA, and in reliance upon this she gave him approximately \$3.000, which he refused to pay back when demanded by her. [redacted] advised Agents that Ducote claimed to her to be a

consultant to the HCUA, and he further identified himself as the former Sheriff of the Santa Clara County. During the time [redacted] worked with Ducote in attempting to set up schools for farm labor children, Ducote said he was working on this project with James L. Browning, United States Attorney for the Northern District of California. According to Ducote, Browning was going to assist him in obtaining Federal money for the school.

The facts in this matter were discussed with Assistant United States Attorney Jerry K. Cimmet on February 18, 1975, at which time Mr. Cimmet declined prosecution.

b7C

Ducote, using the alias Fred Schwartz, held a pre-arranged meeting with Jerry Cohen, Chief Council, United Farm Workers, Keene, California, on March 25, 1974 at Bakersfield, California. Schwartz claimed to have documents taken in robberies and burglaries which were carried out at the direction of two California growers which would be of interest to the United Farm Workers, and which Schwartz offered to sell Cohen for \$35,000.

Another meeting between Cohen and Schwartz took place at Bakersfield on March 31, 1974, and this meeting resulted in the identification of Schwartz as Jerry Joseph Ducote, born June 28, 1929 at Gulfport, Mississippi, and at that time a resident of 1528 Hanchette, San Jose, California. During the meeting of March 31, 1974, Ducote lowered his price to \$25,000 and named three California growers allegedly involved in this matter. Ducote exhibited to Cohen a list of burglaries conducted by him, and he said the burglaries were committed at the direction of, one, a large grape grower in Delano, California, and the other a [redacted] first name not given.

On April 1, 1974, Ducote telephoned Cohen and asked for \$600 to \$1000 immediate cash, which he said he needed for bail.

On October 20, 1966, [redacted] California Self-Help Service Corps., Morgan Hill, California, an adjunct of OEO, reported to the FBI that Sam Alvid had impersonated an OEO agent when calling upon [redacted] at Morgan Hill, California. According to [redacted] Alvid was conducting an investigation of OEO as a private investigator and was obtaining information relating to the project and various proposals. Upon interview by SAs of the FBI, Alvid denied the allegation of impersonation and claimed that he obtained only information available to any citizen under the provisions of the Poverty Act. Assistant United States Attorney (AUSA) John J. Bartko declined prosecution stating that the impersonation was not clearly established.

[redacted] San Jose, an [redacted] witnessed a Bureau auto accident in 1972 and furnished a statement to an SA of the FBI at that time. On January 11, 1974, [redacted] telephonically contacted the San Jose Resident Agency and asked for SA [redacted] by name. He arranged for an interview of one of his close friends, Jerry Boyes, who he said had important information to furnish.

JOSEPH JEROME DUCOTE

JERRY CLARK BOYES

In May, 1971, Boyes made a complaint to the Referee in Bankruptcy, San Jose, California concerning alleged improprieties in connection with bankruptcy proceedings concerning several companies he had an interest in. Boyes was interviewed on two occasions and was unable to furnish any specific information with respect to this matter. His attorney was interviewed, and the attorney said he was unaware of any basis for the allegations made by Boyes.

At 5:30 a.m., July 3, 1960, Jerry Boyes telephonically contacted the San Francisco FBI Office and said he was reluctant to state what he wanted to discuss but that he must talk to an Agent personally at once. After a short discussion he indicated he was host to a foreign visitor whom he thinks is a representative of the Secretary of the Interior to Iran. The affair was set up by the Recreation Department for the City of San Jose. Boyes said that after dinner his wife and the guest began drinking very heavily and became involved in a manner that he did not approve of. He said that he got into a fistfight with the guest and broke his fist during the fight.

Boyes appeared at the Los Angeles FBI Office on September 11, 1973 and indicated that his ex-wife is married to a man who is a close associate of Angelo Marino, a reported Mafia member in the San Jose, California area.

On March 29, 1971, Boyes appeared at the San Francisco FBI Office and advised that he was being squeezed out by local politicians which amounted to thousands of dollars. Boyes at this time said he was in the business of factory producing homes under the name of Unlimited Shelters Amalgamated of Santa Clara, California. He claimed he is a close associate of "communist hunter" Ken Wilhelm and [redacted] of San Jose. He claimed his attorney was "selling him out". He named a great number of people in Santa Clara County, leading politicians of the state, including then Governor Reagan, the head of the State Highway Commission, Wayne Valle - [redacted]

b7C

JOSEPH JEROME DUCOTE

[REDACTED] Angelo Marino, Paul - Sasko Construction Company, [REDACTED] San Jose, Senator Alan Cranston, and others involved in a giant conspiracy with the "syndicate" and through them money is being shifted into and out of California for the purposes of making San Francisco the world's largest syndicate controlled port. Boyes believed that he knows so much about all of these people that the FBI should be able to see the overall picture and should therefore rescue him from his predicament, which was bankruptcy.

On January 11, 1974, [REDACTED] Avenue, San Jose, telephonically contacted SA [REDACTED] and arranged to meet him where an individual with very important information for the Bureau would be available.

Upon arrival at the appointed place, [REDACTED] was not present; but an individual who identified himself as Jerry Boyes, furnished the following information:

Boyes said that he had been married three times, and his second wife, [REDACTED] was now in the process of suing him for child support, fraud, and various other charges. Boyes explained that he is employed on a part-time basis as a dance instructor for the San Jose Recreation Department and that he presently resides at 15902 Longwood Drive, Los Gatos, California.

b7C

Boyes pointed out by way of background that he patented the idea, and later sold through Sears company, the "add-a-room". He said this venture failed, and he later was involved in the production of modular homes at Santa Clara, California. Boyes said that he was eased out of the company into bankruptcy by the U.S. Financial Corporation, which he claims is headed up by [REDACTED]

Boyes said that his grandfather subdivided the City of Whittier, California, therefore he has been "close" to the Nixon family for years. Boyes claimed to be on a first name basis with Haldeman and Erlichman, former advisors to former President Nixon.

JOSEPH JEROME DUCOTE

Boyes said that he has been close to Ken Wilhelm, Republican leader in Santa Clara County, until recently was Secretary of the Farm Bureau in Santa Clara County. Boyes feels now that information furnished by him to Wilhelm was in turn given to the Mafia and the Communist Party.

At this point in the conversation [redacted] appeared and said that the story Boyes had to tell might sound "far out" but he had checked it and feels that Boyes is "onto something".

Boyes said that he visited his daughter in Paris, California in October, 1973, at which time the daughter told him that Boyes' first wife was involved in picking up packages at National City, California at an unnamed motel and delivering them to [redacted] in care of [redacted] [redacted] Albany, Oregon. He said he did not know whether the packages contained narcotics, money being brought into the country by [redacted] or possibly photographs to be used in a mail scheme. b7C

[redacted] Boyes claimed that one [redacted] [redacted] told him several years ago that he was working "with the FBI". He described [redacted] as a close friend of former Santa Clara County Judge Maurice Hardeman, who was convicted of arson, removed from the bench, and disbarred. According to Boyes, [redacted] through the efforts and cooperation of Judge Hardeman when he was presiding in a Santa Clara County Courtroom.

Boyes claims that he was in Los Angeles during October or November, 1973, at which time he made an appointment to tell his story to Jack Cox, Administrative Assistant to Congressman Barry Goldwater, Jr. He said that Cox did not keep the appointment, and he went to the U.S. Secret Service in Los Angeles, whereupon he entered an interview room with a Secret Service Agent and observed a photograph of the West Coast Mafia Family on the wall of the interview room. Boyes said the interviewing Agent was identical to one of the individuals in the photograph.

Boyes further indicated that he assisted in the settlement of an Army contract at Sharpe Army Depot, Stockton,

JOSEPH JEROME DUCOTE

California, and as a result received \$5,000. He said that he gave \$2800 of that money to Ken Wilhelm, who said he was donating that to Congressman Charles Gubser. Boyes said that when a list of Gubser's contributors was published, Boyes' name did not appear.

On January 14, 1974, [redacted] telephonically contacted the San Jose Resident Agency and said that Jerry Boyes had additional information which the FBI should have immediately. At 4 p.m., January 14, 1974, Boyes appeared at the San Jose Resident Agency and exhibited an envelope containing an offer from "Kiplinger Newsletter", Washington, D.C., offering a trial subscription. Boyes pointed out that he wrote a letter to Congressman Barry Goldwater, Jr., and this Kiplinger letter was a signal to Boyes that the communists had determined that he was corresponding with Congressman Goldwater.

The files of the San Francisco Office indicate that R. Ken Wilhelm, Executive Secretary, Santa Clara County Farm Bureau, 1092 North First Street, San Jose, California, appeared with two other individuals at the San Francisco Office of the FBI on April 18, 1958. These men advised they wished to report information concerning the farm situation in Santa Clara County, which to them indicates possible subversive activities. They named several individuals in the San Jose area they felt were key figures in subversive activities.

The following investigation was conducted at San Jose, California:

On December 29, 1975, WILLIAM HOFFMAN, Assistant District Attorney, Santa Clara County, 234 E. Gish Road, advised that he did not have any direct knowledge that JEROME DUCOTE had provided documents to any Agents of the Federal Bureau of Investigation. HOFFMAN advised that he first became aware of DUCOTE's activities with respect to several burglaries in Delano, California, and his possession of stolen documents, approximately two months ago. HOFFMAN advised that the statute had run out on the burglaries and he was proceeding against DUCOTE for the possession of stolen documents. HOFFMAN advised that the persons most familiar with this matter and would know if DUCOTE ever made any statements that he had turned over documents to the FBI were JOHN LILLY of the California State Attorney General's Office in San Francisco, California, and BOB McCOLLUM of the Santa Clara County District Attorney's Office.

On December 29, 1975, BOB McCOLLUM, Investigator, Santa Clara County District Attorney's Office, 234 E. Gish Road, advised that DUCOTE never told him directly that DUCOTE had turned over documents to the FBI. McCOLLUM advised that as he recalled the documents were given to Western Research in Oakland, California. McCOLLUM advised that WALTER KUBIAS, California State Department of Organized Crime and Criminal Intelligence Bureau, had originally talked to DUCOTE and had obtained a signed statement from DUCOTE pertaining to the burglaries that DUCOTE has been alleged to have been involved in and also as to the distribution of the documents taken in the burglaries.

JOSEPH JEROME DUCOTE;

[Redacted]

On December 24, 1975, Jerome Joseph Ducote, Inmate, Santa Clara County Jail, North County Facilities, Palo Alto, California, was interviewed by agents of the Federal Bureau of Investigation. Ducote was advised of the purpose of the interview, that being Ducote's supposedly having worked for the Federal Bureau of Investigation and turning over documents to the Federal Bureau of Investigation, these documents being taken from numerous burglaries alleged to have been committed by Ducote in Delano, California. Ducote was advised of his rights by means of a Warning and Waiver of Rights form, which Ducote read, stated that he understood, but before signing he wanted to telephonically contact his attorney, Thomas Salciccia and obtain his okay before doing so. Ducote telephonically contacted his attorney and on the advice of his attorney, signed the Warning and Waiver of Rights form.

Ducote advised that he has never worked for the Federal Bureau of Investigation in any capacity. He advised that he did not turn over any documents to agents of the Federal Bureau of Investigation, nor did he ever meet any agents of the Federal Bureau of Investigation who were acting undercover in any capacity.

Ducote advised that on February 14, 1975, he met with Walter Kubias, California State Department, Organized Crime and Criminal Intelligence Bureau, and provided Kubias with approximately a ninety-five page statement pertaining to his (Ducote's) involvement in the burglaries of the United Farm Worker's Union in Delano, California. Ducote advised that at that time, Kubias made him a promise of no prosecution if he was to tell everything he knew. Ducote advised that the Attorney General's Office in the State of California apparently sat on this matter until October 15, 1975, when it was again brought to light. He advised that apparently John Lilly of the California State Attorney General's Office took over the investigation from Kubias.

JOSEPH JEROME DUCOTE:

b7C

[redacted]

Ducote advised that during his discussions with Kubias he at no time ever mentioned or stated that he was employed by the Federal Bureau of Investigation, nor did he ever state that he had given documents to agents of the Federal Bureau of Investigation. He further advised that no names of FBI agents were ever mentioned in his discussions with Kubias.

Ducote advised that Western Research, which is located in Oakland, California, had sent an agent down to review papers that he (Ducote) had in his possession. Ducote said that he thought this individual was from Army Intelligence based on the way the person was dressed and his general appearance. Ducote advised that he had what he believed were two meetings with the Central Intelligence Agency (CIA), the first being in Washington, D. C., and the second in San Jose, California. He advised that he never directly contacted the CIA for these meetings, but that the contact was made by the Farmer's Union. Ducote did not comment further on this matter inasmuch as he was concerned that it might jeopardize his current position. Ducote advised that he also thought that at one time he had met with an Air Force intelligence officer with respect to the matter.

In addition, the following description was obtained through observation and interview:

On March 27, 1974, the Civil Rights Division of the U. S. Department of Justice was telephonically contacted by Jerry Cohen, counsel for the United Farm Workers Union (UFWU) in California. Cohen related that he had been contacted by a person who provided the name Fred Schwartz who purported to have information that three people had, at numerous times over the past several years, broken into various UFWU offices in California as well as offices of other organizations. Cohen received the impression that Schwartz was an attorney representing one of the persons responsible for the break-ins. Schwartz wanted \$35,000 for evidence he would provide linking numerous California growers to these break-ins. Cohen told the Justice Department that he had met with Schwartz on March 25, 1974, in Bakersfield, California, and Schwartz provided Cohen with brief glimpses of materials reportedly seized. Schwartz also provided a list of such places, including a UFWU office in Delano called the Filipino Hall, which Cohen stated was, in fact, an object of an armed robbery in 1973. Cohen stated that materials taken at that time were financial records of the union and records relating to activities covered by the Norris-La Guardia Labor Act. Schwartz further related that there were checks in existence that would establish a financial link between the alleged thieves and the growers. Schwartz was extremely anxious to raise the \$35,000 as his "client" was supposed to be charged that week with fraud by unknown prosecuting authorities.

The Civil Rights Division requested that Jerry Cohen be interviewed for full details of his contacts with Fred Schwartz and that Schwartz be identified.

The resulting investigation conducted by the Federal Bureau of Investigation (FBI) in connection with the above request is as follows:

Jerry Cohen, Chief Counsel, UFWU, Keene, California, was contacted on March 28, 1974, and advised as follows:

On March 21, 1974, he received a telephone call from a male individual who said, "You will know me as Fred Schwartz", and indicated he was from San Francisco, California. Schwartz said he had some valuable information to sell concerning break-ins of UFWU offices, churches and the Student Non-Violent Coordinating Committee, in addition to certain individual residences.

On March 25, 1974, a prearranged meeting was held with Schwartz at the Hilton Inn bar in Bakersfield by Cohen and Dan Lavery, an American Civil Liberties Union attorney from Bakersfield and friend of Cohen. At this meeting, Schwartz had, in his possession, a file or folder approximately one inch thick which he said contained stolen UFWU or union related documents. Schwartz said these documents and papers were a sample of others that were accessible to him which were taken in various "robberies" or "from inside" UFWU by an informant, all at the direction of two California growers. Schwartz advised he represented a man who was to be indicted on March 29, 1974, for fraud and that he ~~owes~~ this man a favor. At times, Schwartz referred to the man as his client, the thief, and at other times, he mentioned his

clients, indicating more than one person.

Schwartz exhibited to him a handwritten list of targets of past "robberies", and he recalled the following names from this list:

John Thorne - (Thorne is a San Jose Attorney who did some voluntary work for UFWU in 1965 and 1966.)

William Stanton - (A San Jose Attorney and friend of UFWU who has run for some state or county office in the past.)

Fred Hirsch - (A plumber by trade who was associated with UFWU up to the late sixties.) According to Schwartz, the Hirsch residence in San Jose was burglarized in the 1960s.

The Student Non-Violent Coordinating Committee, San Francisco, California.

The Filipino Hall, Delano, California, (This hall was the victim of an armed robbery during about 1968, at which time some UFWU documents were stolen.)

Sol Aulinsky Group of Chicago, Illinois, (Aulinsky participated in various UFWU activities in the middle to late 1960s.)

A Catholic Church Office, city or state not recalled.

After he examined the above list, Schwartz then handed him two small date calendar books which contained

the name Sol Aulinsky. He attempted to review these books but they were retrieved by Schwartz before he could examine them for authenticity.

Schwartz allowed him to examine a letter from [redacted] to UFWU Director Caesar Estrada Chavez dated in either 1965 or 1966. [redacted] was associated with the Community Services Organization and UFWU during the 1960s, and he recalls that during about 1965 a UFWU building called the "Pink Building" was burglarized in Delano and some Community Services Organization files were stolen. Schwartz also allowed him to examine a few other unrecalled documents which appeared to contain innocuous information. b7C

Schwartz said the documents he had were stolen in various "robberies" which were committed at the direction of two California farmers, one a large grape grower in Delano and the other a [redacted]

Schwartz said he was asking \$35,000 from UFWU for all of the documents and information available to him. He said \$25,000 was needed to get his client out of trouble and that the extra \$10,000 would be split between unidentified persons. Cohen said he told Schwartz at that time that he had no intention of buying stolen UFWU property.

In addition, Cohen recalled that Schwartz said that John Harmer, a California Assemblyman from the Los Angeles area, was aware of the material in his, Schwartz', possession and was using this information for political gain. Schwartz also mentioned the California Council of Growers but did not specify whether or not this organization was in any way involved in the matter. Schwartz also claimed to Cohen that he had approached an unnamed Delano

grower with a proposition to sell information but was rejected. Schwartz indicated he planned to next contact George Baker, a reporter for the Fresno Bee newspaper in an attempt to peddle his information. Schwartz said he could contact Cohen telephonically on or about March 29, 1974, to arrange for a meeting between Cohen and his client, stating, "This is the last time that you'll see me."

b7C

Cohen further advised on March 28, 1974, that he had been in contact with George Baker in Fresno by telephone during March 26, 1974, and March 27, 1974, and Baker acknowledged he had a conversation with Schwartz. Cohen said that several hours after the March 28, 1974, contact with Schwartz, Baker telephonically advised him that he had met Schwartz in Burlingame, California, and that Schwartz had told him that payoffs had been made in 1973 by Delano grape grower [redacted] and grower [redacted] in the amounts of \$2,000 each. Cohen said he advised Baker to call the FBI in Bakersfield with this information, but Baker stated that at the present time he intended to travel to San Jose to personally investigate the matter.

On March 30, 1974, Cohen advised that he had received a telephone call from Schwartz requesting a meet at the Ramada Inn Coffee Shop at Bakersfield on the afternoon of March 31, 1974.

On March 31, 1974, a physical surveillance was conducted in the coffee shop of the Ramada Inn and its immediate vicinity, 2620 Pierce Road, Bakersfield. It was noted that at 3:34 p.m. on that date, a white male, age 45 to 50, 6 feet 1 inch to 2 inches, 215 to 220 pounds, gray hair, wearing a black sweater vest, polka dot shirt and carrying a dark colored briefcase, entered the coffee shop and met with Cohen. They talked until 4:12 p.m., at which time Cohen left. At 4:16 p.m., March 31, 1974, the

unknown man who was previously with Cohen left the coffee shop for the motel exit and walked to a 1974 brown Buick, California license 816 JZH. This man proceeded to drive directly to the Hilton Inn, 3535 Rosedale Highway, Bakersfield. This unknown man was photographed by a Special Agent of the FBI from a concealed position approximately 100 feet from the coffee shop door. The individual referred to above who met with Cohen was later determined to be Jerome Joseph Ducote.

During the above surveillance, no conversations were overheard nor could the contents of any notes or documents be determined.

b7C

After the above surveillance, and on March 31, 1974, Jerry Cohen gave his account of the meeting with Schwartz as follows:

Schwartz lowered the price of the documents to \$25,000, stating that the papers in question were taken in 16 separate break-ins of UFWU offices, other organizations and residences during 1966 through 1969, and possibly including 1970. Schwartz said these documents were in possession of the House Unamerican Activities Committee for two weeks at some time in the past and have been reviewed periodically by the Military Intelligence during 1966 through 1970, as well as other unknown agencies. Schwartz claimed the break-ins were hired by [redacted] and [redacted] all major California growers.

Schwartz stated that during October or November, 1973, he received a \$2,000 check from [redacted] and \$2,000 in cash from [redacted] for an unspecified reason, inferring that it could have been "hush money". The \$2,000 in cash was supposedly received by [redacted] from [redacted] a carrot grower in the Salinas Valley.

JEROME JOSEPH DUCOTE,
Also Known As
Jerry Ducote,
Fred Schwartz.

Schwartz told Cohen he was disenchanted with his former associates who were not identified. He mentioned that he had aspirations of writing a book concerning the matter. Schwartz claimed there were two persons who are being paid "hush money" by the growers, one in Mexico and one in Spain, and that periodically an Agent of the Army Intelligence or the Central Intelligence Agency (CIA) approaches [redacted] for additional money for these two individuals.

Cohen said that Schwartz would not allow him to closely examine any of the documents discussed and he told Schwartz that insofar as he was concerned UFWU would not pay for the documents. Schwartz asked him to confer with the UFWU Board concerning the matter, which was done, and on the same date, Schwartz telephoned him for a final decision. During that conversation, he told Schwartz that the UFWU Board decided not to pay any money in regard to this matter. He further told Schwartz that he had communicated with the Civil Rights Division of the U. S. Department of Justice, who advised him to tell Schwartz to contact the FBI in Bakersfield concerning the documents. Schwartz indicated that he would contact the FBI on April 1, 1974.

b7C

Cohen concluded by stating that he had been in telephonic contact with [redacted], and [redacted]
[redacted]

On April 1, 1974, Cohen advised that he had received a telephone call from Schwartz, who told him he needed immediate cash for bail between \$600 and \$1,000 and, in return, would be willing to sign a statement implicating certain California growers in 16 burglaries.

He indicated that bond in connection with some unknown matter was between \$6,000 and \$10,000 and said, "We need bail bad." Schwartz said he had contacted an attorney "up north" who told him other matters should be resolved before contact with the FBI.

Schwartz appeared very desperate during the conversation. Cohen recalls Schwartz mentioning that one of the persons involved in the burglaries had nine children.

After the above contact with Cohen and still on April 1, 1974, an individual who identified himself as Fred Schwartz telephonically contacted the Bakersfield Office of the FBI and stated he had been in contact with Jerry Cohen. Schwartz said that Cohen told him he had talked to Senator Kennedy's Office, who would make arrangements for him, Schwartz, to furnish information to the FBI. He declined to discuss the matter on the telephone and made an appointment to appear in the FBI Office at Bakersfield at 9:30 a.m., April 4, 1974.

On April 2, 1974, Ducote was contacted by FBI Agents at Room 240 of the Hilton Inn in Bakersfield and advised as follows:

He admitted he has been in contact with Jerry Cohen of the UFWU and George Baker of the Fresno Bee during the past two weeks using the name Fred Schwartz. He also admitted he is the same individual who contacted Special Agent Conrad N. Shaw by telephone on the afternoon of April 1, 1974, using the name Fred Schwartz, and made an appointment with Special Agent Shaw for 9:30 a.m., April 4, 1974. He intended to delay talking to the FBI until April 4, 1974, in order to confer with his attorney, Hal Chapman, of San Jose, California, telephone 408-294-2270. He intends to leave Bakersfield on April 2, 1974, to discuss his situation with Chapman and return on the

evening of April 3, 1974.

He apologetically declined to furnish any details concerning his situation but did furnish the following information concerning the reasons for his recent actions under the name Schwartz:

During the past four years he has been self-employed in the public relations business. During this same period, he and others were engaged in gathering intelligence for certain California growers, mainly concerning UFWU and its Director, Caesar Chavez. He is now "boxed in" because of his past activities with the growers. He is in debt in the amount of \$20,000 in connection with a past loan and pressure is being exerted for repayment. He had been advised by his attorney to declare bankruptcy, since the matter appeared to be of a civil nature; however, at present the local District Attorney's Office at San Jose is contemplating criminal fraud charges. He described another man involved with him as having nine children. He would not elaborate on the above information.

He was formerly employed by the Saint Dismas Publishing Company, San Jose, which company is no longer in business. Prior to that time, and during the period 1954 through 1963, he was a deputy sheriff for the Santa Clara, California, County Sheriff's Office.

Ducote furnished the following background information concerning himself:

Fresno, California, telephonically contacted the FBI at Bakersfield on April 3, 1974, and stated that he had made personal contact with Fred Schwartz at Burlingame on March 28, 1974, at which time Schwartz attempted to sell him information concerning 16 burglaries. Schwartz allowed him to make a list of the burglaries and examine some documents. He said Schwartz' information was limited and [redacted] does not intend to purchase any information or documents. [redacted] indicated that he had determined Schwartz' possible true identity through a car registration.

b7C

Ducote telephonically advised the FBI at Bakersfield on April 8, 1974, that he and his attorney were scheduled to confer with Santa Clara County, California, Assistant District Attorney Dennis Lempert and his attorney had advised to delay a meeting with the FBI until talks with Lempert are concluded.

On April 10, 1974, Lempert advised that he had a meeting scheduled with Ducote on April 11, 1974, at San Jose. He said he had filed numerous grand theft charges against Ducote in the past and described Ducote as a "con man". Lempert advised that he is acquainted with Hal Chapman, Ducote's alleged attorney, and that Chapman told him that he was not receiving any money to represent Ducote.

Ducote telephonically contacted the FBI at Bakersfield on April 18, 1974, to advise that he was then ready to furnish information to the FBI. He said his attorney, Hal Chapman, of San Jose, requested that he, Ducote, be interviewed at San Jose. He requested that Chapman be contacted for an interview date. On April 19, 1974, Chapman was contacted at 111 West St. John Street, San Jose, at which time Ducote was present.

JEROME JOSEPH DUCOTE,
Also Known As

Chapman advised that Ducote had information pertaining to the UFWU and had obtained this information as a result of working for some people (people not identified). Chapman said Ducote became involved and these people backed out, stating that this information is "bigger than Watergate". Chapman, at that time, desired to have Ducote granted immunity from Federal prosecution before divulging the information. Chapman said that this information involves politicians and others not identified, and he believes that Ducote's life may possibly be in danger. Chapman said he also desired immunity for Ducote from local prosecution.

b7C

This information was furnished to the U. S. Department of Justice, who advised that Chapman should be referred directly to the Civil Rights Division of that department concerning the above request for immunity.

On April 22, 1974, George Baker, reporter for the Fresno Bee, telephonically advised the FBI at Bakersfield that he had determined that Fred Schwartz' true name is Jerry Ducote, a resident of San Jose. He said he had verified that [redacted] of [redacted]

[redacted] the Saint Dismas Publishing Company, a California corporation, and that Robert K. Wilhelm of 1652 Park Hills Avenue, Los Altos, California, and Ducote were officers of that corporation. This corporation ceased operations, according to Baker, on February 1, 1973, for non-payment of taxes. Baker said the Saint Dismas Publishing Company only printed one book, which publication concerned the life of Sol Aulinsky of Chicago, Illinois.

On April 25, 1974, Dennis Lempert was advised of Chapman's concern for Ducote, and he stated that he would be alert for anything that might threaten Ducote's life.

Since possible violations of California statutes were involved in this matter, the Criminal Division of the Kern County Sheriff's Office, Bakersfield, California, as well as the Delano Police Department, were advised of the allegations and information developed concerning this matter.

None of the alleged stolen documents referred to above were ever received by the Sacramento Division of the FBI, which division covers Bakersfield, California, and Ducote was never a "source" or "informant" of the Sacramento Division.

[redacted] has never furnished the Sacramento Division of the FBI any type of information or documents.

Dear Mr. Bates:

Thank you for your letter of January 5, 1976, enclosing a copy of the report dated January 2, 1976. I am glad to learn that you are able categorically to deny the allegation that any of these break-ins were performed with either the knowledge or tacit approval of the Federal Bureau of Investigation. In addition, I am pleased to know that after a thorough search of F.B.I. files, no material like or similar to the representative sample of documents forwarded to you was found and you are able categorically to deny receipt or possession of such material at any time.

Please accept my thanks for the efforts made by yourself and your agents in this connection.

b7C

I write also to confirm our telephone conversation of January 6, 1976. Please accept this letter as a request for copies of the original documents or notes prepared on the interview on December 24, 1975 with Ducote, (and, of course, the subsequent telephone call from Ducote), and in addition the interview with [redacted] in January, 1975 presumably in Idaho. As I informed you, Agent John Lilly probably accompanied by District Attorney's Investigator Robert McCollum will be going to Coeur D'Alene, Idaho, to interview [redacted] and to establish the period of his residence in Idaho. It would materially assist that effort if a copy of the original document in whatsoever form it is extant, could be made available. I accept with thanks your offer to talk with the Bureau's agents in Butte, Montana, and Coeur D'Alene, Idaho, in order to obtain the original in whatever form it exists. Such a document [redacted] would be critical in any proposed prosecution of [redacted]

Ducote really triple agent, witness says

SAN JOSE (UPI) — Admitted political burglar Jerome Ducote might have acted as a triple agent in behalf of left-wing groups, according to a state intelligence agent.

Walter A. Kubas, a special agent in the intelligence bureau of the state Department of Justice, gave that testimony Monday at a preliminary hearing before Municipal Judge John Schatz.

Schatz bound Ducote, a former Santa Clara County sheriff's detective and official of the Young Republicans, over to Superior Court to answer 15 counts of grand theft. He will be arraigned Jan. 23. The judge delayed his decision on whether to take the same action on seven counts of receiving stolen property.

Ducote, free on \$20,000 bail, admitted in 1974 that he was behind political espionage against the United Farm Workers, Ramparts magazine and several antiwar groups.

Kubas told the court that he had been informed Ducote might have actually been acting on behalf of left-wing groups to infiltrate right-wing factions "for the purpose of again infiltrating the left to discredit and embarrass the right."

Kubas, in an aside, told Deputy District Attorney Kenneth Robinson, "I told you it wasn't easy to explain."

The state agent said Jerry Boves, a dance instructor and informer, made the allegation Ducote might have been a triple agent for the benefit of left-wing groups.

Kubas said the suspect asked for complete immunity from prosecution before he unraveled his story on Feb. 14. But, Kubas said, he rejected the request.

He said he told Ducote he would need evidence to substantiate his claims he committed the burglaries in 1967. The agent said that on Feb. 25, 1974, Ducote gave him "two large cardboard boxes containing numerous files" taking during the burglaries.

Kubas said he began his investigation of Ducote after receiving a written request from an aide to former Gov. Ronald Reagan. The aide was not identified in the agent's testimony.

Pandol: Wouldn't buy car, omit delivery

"If I buy an automobile, I want it in my garage, not some salesman's garage," Kern County farmer ~~Jack Pandol~~ said.

And likewise, he implied, had he paid for records stolen from United Farm Workers offices in 1967, he wouldn't have left them to be found in the garage of Jerome Decote, an ex-Santa Clara County sheriff's deputy who claims he was hired by Pandol and another grower to steal the documents.

"They take me for a real idiot because they claim I paid for those records," Pandol said in an aside during a talk against the San Joaquin Nuclear Project. He spoke Wednesday at a meeting of Project Survival at Beale Memorial Library.

Ducote has been arraigned in San Jose on 17 felony charges in connection with his admission he committed 17 political burglaries in 1966 and 1967, two of them at the United Farm Workers Delano office in 1967.

He claims he met with Pandol in a Fresno hotel in March 1967 to plan the burglaries.

Answering newsmen's inquiries after the nuclear power meeting, Pandol admitted knowing Ducote, but said he doesn't believe he knew him as early as 1967.

"I never attended a meeting with him in Fresno or any other place to plan that," he said.

\$25,000 deal for UFW

data charged

SAN JOSE (UPI) — A United Farm Workers attorney has testified that former Santa Clara County Sheriff's detective Jerry Ducote tried to sell him documents stolen from the union's headquarters for \$25,000.

Jerry Cohen was one of a parade of Thursday's witnesses who told of the theft of documents and clandestine meetings with Ducote, 46, who is accused of burglarizing leftwing organizations for profit.

Cohen, general counsel for the UFW, appeared before Municipal Judge John Schatz as preliminary hearing began for Ducote, father of eight and former chairman of the county Young Republicans. The hearing continued today.

Ducote was charged with 15 counts of grand theft and seven counts of receiving stolen property. He was held on \$100,000 bail.

UFW President Cesar Chavez also testified. He said that many personal and union documents were taken in an April 19, 1967, break-in at the UFW's

headquarters in Delano. He called the documents "extremely valuable, irreplaceable."

He told a news conference later that he sent a telegram to Gov. Edmund G. Brown Jr., asking for an investigation by an independent committee into "agribusiness involvement in supervising and financing anti-farm worker political sabotage and complicity by local, state and federal agencies."

Chavez told the governor, "Police agencies at all levels of government have been implicated in wrong doings. Therefore, it is imperative that the investigatory committee be chaired by you or another independent public figure such as Lt. Gov. Mervyn Dymally."

Ducote previously said in a statement that California growers hired him to discredit Chavez.

Cohen told the court that he met with Ducote, who used the name Fred Schwartz, in February or March 1974 at a Bakersfield bar. Ducote, he said, told him he "had some documents that were our documents" and information on how they were stolen.

The lawyer said the defendant showed him a letter written by Chavez.

"He wanted to sell the union these documents for a sum of \$25,000," Cohen said.

He testified that he refused and at a later meeting with Chavez told the UFW leader "I, under no circum-

stances, thought the union should do business with someone who was trying to sell back to us documents that he or someone else had stolen from us."

Cohen said a second meeting was held in a Bakersfield coffeeshop in March 1974 and this was attended by several FBI agents after he informed the agency of Ducote's offer.

The lawyer told the court that Ducote then offered the documents for as little as \$500.

He said he told the former law enforcement officer to contact the FBI or the office of Sen. Edward Kennedy, D-Mass. He said he feared to bring any state or local police agencies into the situation because he thought they were involved in a plot against the UFW.

"You don't have investigators investigate themselves," Cohen said.

Another witness was George Baker, a reporter for the Fresno Bee, who said Ducote offered to sell him the documents for \$25,000. He told the court he refused.

Grower testifies of Ducote-CIA parley

SAN JOSE (UPI) — A Salinas grower testified Friday that he and admitted political burglar Jerome Ducote met twice with Central Intelligence Agency representatives.

Stephen D'Arrigo was a witness at a preliminary hearing before Municipal Judge John Schatz for Ducote, 46, a former Santa Clara County Sheriff's detective charged with more than 20 counts of grand theft and receiving stolen property.

Ducote previously told a state Justice Department investigator that he conducted political burglaries in the 1960s in an effort to discredit left-wing organizations and the United Farm Workers Union.

D'Arrigo backed Ducote's claims he paid for some of his work. He also told the court that he met with CIA representatives in Washington, D.C., and San Jose in 1968 or 1969.

D'Arrigo did not say what took place at the meetings nor did he identify the federal agents.

He said he paid money to Ducote, who had been active in the local Young Republicans organization, for conducting investigations in the late 1960s and he also paid Ducote's expenses when they went to Washington.

But, D'Arrigo told Schatz, they had a falling-out after Ducote began "using my name fraudulently" to solicit funds from others for his burglaries.

Five other witnesses testified that they loaned Ducote money ranging in sums from \$1,000 to \$1,700. Four said the ex-police officer agreed to pay them back with 50 per cent interest within several days.

Schatz warned those saying they

had been offered the high interest could be charged under California's anti-loan shark laws. But they said they desired to continue giving testimony.

Man named accomplice in UFW case nabbed

SAN JOSE (UPI) — A man named by admitted political robber Jerome Ducote as an accomplice has been arrested on four counts of burglary.

Henry Scherling, 55, was picked up yesterday. Authorities said he moved to Coeur d'Alene, Idaho, after the document burglaries took place in the late 1960s.

In the complaint filed by the Santa Clara County district attorney's office, Scherling is charged with burglaries at the San Jose Peace

Center, the Palo Alto Peace center and the homes of two women who then edited a farm labor publication.

Assistant District Attorney Ken Robinson said the statute of limitations does not apply to Scherling because he left California less than three years after the burglaries took place.

Ducote, 46, former Santa Clara County sheriff's deputy, has implicated Scherling in a number of his illegal activities.

Ducote is facing trial on 15 counts of grand theft. He has told investigators some of his activities were financed by large growers fighting Cesar Chavez and the United Farm Workers.

INFORMATION CONCERNING

On December 29 and December 30, 1975, attempts to contact Jerry Cohen, Chief Counsel in California for United Farmworkers, at Salinas, California, telephone number (408)-424-4136, proved unsuccessful. A message was left to have Cohen contact SA [redacted] at the Federal Bureau of Investigation office in San Jose, California.

On December 31, 1975, contact with Cohen's office revealed he was out of town until approximately January 5, 1976. b7C

On January 7, 1976, and January 19, 1976, telephonic contact was made with the United Farmworkers Legal Office in Salinas, California, in effort to arrange an appointment with Jerry Cohen. However, he did not return the calls.

W. Eric Collins, Deputy Attorney General, Department of Justice, San Francisco, California, requested that the FBI not interview [redacted] inasmuch as he was under investigation by that office and they anticipated placing him under arrest at an early date. This request was complied with by the San Francisco office. It is to be noted that [redacted] was arrested February 6, 1976, and appeared in San Jose Municipal Court on February 7, 1976, where he was allowed to remain free on his own recognizance and a preliminary hearing date was set for February 26, 1976.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

Conducted interview at the Bakersfield FBI office interviewing Agent CONFIDENTIAL in the presence of Agent [REDACTED] Assisted in the interview by Sgt. Robert BROWNING, San Jose Police Dept. and Sgt. Bud CARLUcci, Bakersfield Police Dept. This investigator advised SHAW of his rights which he waived and indicated he would answer the questions according to what he recalled. SHAW was then questioned regarding his knowledge of meetings related to. SHAW was then questioned regarding his knowledge of meeting which took place in 1974 between DUCOMS and Attorney Jerome CARLUCCI wherein DUCOMS had attempted to sell documents which he had informed CARLUCCI were stolen from the Dolano United Farm Workers Office.

SMU stated that he could not recall the exact date that the meeting took place, but that he and [redacted] as well as other agents from their office were made aware of the meeting and had been told by COURET that DUCOBIE was attempting to sell documents reportedly stolen from the UFW Office in Dolores. SMU states that after the meeting took place at the Ramada Inn Restaurant in Doloresfield, DUCOBIE was approached by the FBI agents, advised of his rights and DUCOBIE refused to answer any questions without first consulting his attorney. SMU states that no stolen documents or any other files were in the possession of DUCOBIE.

SHAW stated that DUCOTE said he has information that would be of some value to the FBI but he wanted to speak with his attorney prior to presenting that information. SHAW then advised DUCOTE to contact the FBI office in San Francisco.

SHAW then advised DUCOTE to advise him of his
disposition. DUCOTE was at no time an informant for him nor anyone in
SCIA states that DUCOTE was at no time an informant for him nor anyone in
his particular office and as far as he knows DUCOTE was never an informant

SWW stated that he made no attempt to re-contact COHEN to advise him of the identity of DUGORE although that identity was obtained at the time the FBI made contact with DUGORE. He states that it is not the procedure to do so.

Dear Mr. Browning:

RE: JEROME J. DUGOTE

On April 12, 1976, Special Agent (SA) [redacted] telephoned you to advise that SA Conrad Shaw of the Federal Bureau of Investigation (FBI), Bakersfield Resident Agency, a part of the Sacramento Division, was subpoenaed to appear in the Santa Clara County Superior Court, San Jose, California, on April 16, 1976, at 9 a.m. At this time you said there was no objection to SA Shaw testifying, unless he thought there would be inquiries into confidential or privileged areas and that an attorney would be furnished if it was deemed necessary.

In view of the fact that this is a very controversial case, it is felt that legal representation will be necessary for SA Shaw. Accordingly, Assistant United States Attorney (AUSA) John Lockie was contacted by SA [redacted] on April 13, 1976, and the matter was discussed with him. Mr. Lockie said that he would represent SA Shaw as suggested by you.

Ex-Deputy Sheriff Pleads Guilty

SAN JOSE (AP) — Former Santa Clara County deputy sheriff Jerry Ducote, 43, has changed his plea to guilty of seven felony counts in espionage activities in the late 1960s.

He had claimed that when he was burglarizing the offices of groups including the United Farm Workers Union he believed he was doing it at the bidding of the FBI.

Ducote had been scheduled to go on

trial in San Jose next week, but he changed his plea Monday before Santa Clara County Superior Court Judge James Duvaras to charges of concealing stolen documents.

The FBI said it had no connection with Ducote, who said he had been hired by some growers who wanted evidence that would link UFW leader Cesar Chavez with the Communist Party. Ducote will be sentenced June 24.

Re San Francisco nitel to Bureau and Sacramento,

Francisco telcal to Bakersfield RA, 4/27/76.

Contact with C. RANDALL SCHNEIDER, Deputy Public Defender, Santa Clara County, on 4/27/76, has revealed that the 5/3/76 appearance date is tentative. SCHNEIDER advised that the appearance by the subpoenaed FBI Agents in Superior Court at San Jose, California, is in connection with his pre-trial motion to dismiss the local burglary indictments against [REDACTED] on the grounds that [REDACTED] has been denied his right to a speedy trial. SCHNEIDER has stated that he will seek to establish that the burglaries which [REDACTED] is alleged to have committed, occurred in 1967 and 1968 and that law enforcement had information that [REDACTED] had committed these burglaries during that time.

b7c

SCHNEIDER continued that, as an example of this defense, he will rely upon the arrest and processing of [REDACTED] at Delano, California, for the 5/30/67 breakin of the United Farmworkers Filipino Community Center. SCHNEIDER stated that the police department traced the license of an

automobile to [REDACTED] and thereafter, [REDACTED] came to Delano and was fingerprinted, photographed and booked for the burglary. Thereafter, a statement was made by a [REDACTED] to an [REDACTED] of the Delano Police Department that [REDACTED] was committing the burglary on behalf of the FBI. As a result of this, SCHNEIDER believes [REDACTED]

[REDACTED] SCHNEIDER is working under the belief that Chief of Police AILES is personally friendly with SA CONRAD SHAW of the Bakersfield RA, and SHAW may have confirmed to AILES that [REDACTED] was participating in a burglary for the FBI.

SCHNEIDER will attempt then to attribute the four burglaries in Santa Clara County that were of a political nature to the FBI. SCHNEIDER was advised that any such conclusion is unsupported by fact and is, therefore, untrue.

SCHNEIDER further stated that an attempt may be made to connect [REDACTED] and DUCOTE to SAs of the FBI and cited a CII investigative report of CIK Agent LILLY under their case number 750119, page 8, of a 13 page report, wherein, on 12/1/75, SA BUCK SAMPLE is referred to as having received a mailing list from one of the Peace Centers which was burglarized. This report establishes that the mailing list was received from a confidential informant, but SCHNEIDER was interested in pursuing whether the informant was either DUCOTE, [REDACTED] or one of their intermediaries. Again, Mr. SCHNEIDER was assured that the FBI had no contact with any of the aforementioned individuals or their intermediaries and that line of defense was also unfounded. SCHNEIDER wanted to pursue the question of whether [REDACTED] had heard rumors that there were burglaries by DUCOTE and [REDACTED] and what he did about it, and furthermore, what did SA CONRAD SHAW do to report burglaries that had come to his attention to the proper authorities, particularly the Delano Police Department.

b7C

[REDACTED] SCHNEIDER advised that he has attempted to plead guilty to lesser counts or offenses, but Deputy District Attorney HOFFMAN has refused to plea bargain and is going after [REDACTED] "with a hatchet". SCHNEIDER advised, also, that he expects DUCOTE to be a cooperative witness against [REDACTED] at the trial, and he described DUCOTE as a person who attempts to develop friendships with people by "buying them drinks or developing a rapport with them and later imposing on them for favors". SCHNEIDER also believed that it appears that the defendants (DUCOTE and [REDACTED]) are using the FBI as a coverup for their activities. This was evident by the use of

SF 62-6943
TJAB.sac

the Catholic Church by these men as one of the stories put out to justify the activities or gain sympathy from public officials.

SCHNEIDER advised that his client, [redacted] left the State of California in 1969 to live in the State of Idaho and had remained there until the current burglary charges were instituted. He will attempt to argue that, even though the Statute of Limitations for the crime of burglary was tolled by [redacted] departure from the state, he will attempt to have the Statute interpreted that [redacted] was not in a flight status and was, at all times, available to law enforcement.

SCHNEIDER stated that he wished to advise the Bureau that DUCOTE has given indications that he will attempt to implicate the FBI into the burglaries by stating that he dealt with a MARRY COTT (phonetic) of the Western Research Company in San Francisco. He advised that there is the belief that this company was an FBI or CIA front. SCHNEIDER was advised that, besides being untrue, that type of assertion is irrelevant and certainly DUCOTE could not state he was working under the Western Research direction.

b7C

SCHNEIDER also stated that he had been told that there is an ex-FBI agent named [redacted] who worked for Ramparts Magazine and had made statements that, while he [redacted] was an FBI Agent, he committed burglaries of a political nature and that it was his, [redacted] understanding that, after he left the FBI, it was the practice of the Bureau to have "informants" commit burglaries for them.

SCHNEIDER did not know which judge would hear the pre-trial motion to dismiss at the time of contact and stated that the assignment would be made by Friday, 4/30/76, by Judge BRUCE ALLEN. He was told that this office and the Sacramento Office would need at least 24 hours' notice in order to comply with the appearance of the Agents and records in this matter.

The Bureau and Sacramento Division will be kept advised of the developments in this matter.

Re San Francisco nitel 5/13/76 advising that a verbatim transcript of Santa Clara County Assistant District Attorney WILLIAM HOFFMAN's testimony on 5/10/76 would be obtained from Santa Clara County Superior Court.

A review of the transcripts indicates that HOFFMAN inferred in his testimony during a pretrial hearing that SAC CHARLES W. BATES lied to him but he did not make that statement as set out in San Jose newspaper dated 5/11/76. A pertinent part of the testimony is set out, "Question: Now, when Mr. MC COLLUM talked to Agent SAMPLE, Agent SAMPLE indicated to Mr. MC COLLUM that he had received several years ago, approximately 1967, presumably a mailing list for the San Jose Peace Center. Did Mr. MC COLLUM relate that information to you? Answer: That's right. Question: That he had received this information through an informant? Answer: Well, to go back so I can answer your question, Attorney General ERIC COLLINS had written the FBI before we ever got in the matter about the time we got in it anyway before I started doing anything and asked for a specific number of statements and any documents of the type taken in any of the burglaries from the FBI. They wrote back, gave us a synopsis, not any of the statements, which I got a copy of, and about the same time I got a letter from Mr. BATES which 'incidentally, I don't think any of those letters came to me. He writes the boss. I write him and he writes the boss, and the boss gives me the letters. But he said he had none of the documents at any time taken in any of the burglaries. I knew that

he did have some, so then I wrote him back and told him that I knew he had some of the documents. And then he said that somebody else stole them for him. The Court: Somebody else what? The Witness: Somebody else stole them for him. They had an informer or somebody that stole them for him. Those were the only from the Peace Center in San Jose. Those are the only ones that we happen to know he had and he didn't happen to know we knew he had."

During an interview by DA Investigator MC COLLUM and State Investigator JOHN LILLY on 12/1/75, SA [redacted] in an effort of cooperation to resolve innuendoes of complicity advised the Investigators that the FBI had a mailing list of the San Jose Peace Center from another source and would have had no occasion to accept one from JERRY DUCOTE known to the FBI as an unreliable individual. The San Francisco office later wrote to the District Attorney's office and categorically denied receipt or possession of any material taken in burglaries conducted by DUCOTE.

b7C

SA SAMPLE testified at the pretrial hearing on 5/19/76 and the Court record now contains the true facts concerning the Peace Center mailing list in the possession of the FBI. It is to be noted that HOFFMAN and his staff have been obsessed with the notion that the Bureau directed DUCOTE's burglaries.

On 12/5/75 a meeting was held at San Francisco including USA JAMES L. BROWNING, Jr., Deputy Attorney General ERIC COLLINS, and SAC CHARLES W. BATES. At this meeting COLLINS said that he would like to have certain information from FBI files and that he would direct a letter to this office setting out a formal request. The letter from COLLINS dated 12/10/75 was received by the San Francisco FBI office on 12/17/75 inasmuch as it was directed to USA BROWNING and was eventually forwarded to the San Francisco FBI office.

SF 62-6943
MES:lmk

By letter dated 1/2/76 a detailed letterhead memorandum was furnished Deputy Attorney General ERIC COLLINS and Santa Clara County District Attorney LOUIS BERGNA. This memorandum contained all pertinent information in the files of the San Francisco and Sacramento Divisions. Deputy Attorney General ERIC COLLINS then requested original serials setting out the information referred to in the LHM and upon approval by the Department of Justice all these serials were furnished COLLINS and BERGNA by letter dated 1/29/76. It is to be noted that the first letter forwarded by Assistant District Attorney HOFFMAN to SAC BATES was dated 1/2/76. On 12/30/75, DOUGLAS LOGAN, Chief Investigator, Santa Clara County District Attorney's Office, telephonically contacted Bureau officials in Washington and complained that SAC BATES was not cooperating, would not furnish requested materials, and would not return telephone calls or answer letters which is all false. During the course of this investigation Assistant DA HOFFMAN has written letters of a threatening type asking for certain statements and documents that do not exist.

For the information of the Bureau, the pretrial hearing relative to Defendant [redacted] has been completed and the Judge's decision to dismiss the charges requested in the motion made by the Defense Attorney is being awaited. The Bureau will be kept advised.

COEUR d'ALENE, Idaho (UPI) — Hank Scherling, 46, Coeur d'Alene, says the only bitterness he feels about going to trial on four felony grand theft counts in California this month is that the FBI, for whom he committed the break-ins, won't step forward and share the blame.

Scherling goes on trial Oct. 18 in Santa Clara County, charged with a series of California burglaries in the mid-'60's.

Among places broken into were the offices of: Ramparts Magazine, the Student Non-Violent Coordinating Committee; the United Farm Workers in Delano; the Catholic Social Justice law offices and the Palo Alto Peace Center.

"I know what I did was illegal when I was doing it to the extent we were taking other people's files and proper-

ty," Scherling told the Coeur d'Alene Press.

"But I also understood we were working with the covert approval of the FBI."

"I don't feel bad about the whole thing. I'm not bitter except that the FBI won't step forward and tell the truth I feel like I'm taking the whole rap."

Scherling said he conducted the break-ins with Jerome J. "Jerry" Ducote, a 10 year veteran of the Santa Clara Sheriff's department.

He said the first of 17 break-ins was in late 1966 when Ducote and Scherling raided the San Jose Peace Center.

Scherling said he and Ducote were told they were committing the burglaries for Western Research Incorporated. Their contact was a shadowy mystery man named R. Ken Wilhelm, "who seemed to have a stockpile of key information."

"Coast Magazine" in a recent article said Western Research, Incorporated "set up a statewide network of right wing informants during the Cold War years."

Western Research was also accused in 1963 of snooping on 36 college professors who were supporting the civil rights movement.

Scherling said he was convinced he would be helping the

United States government and preventing radical groups from wreaking havoc on the American political system.

"Ducote asked me if I'd be interested in doing some work for the House Un-American Activities Committee and I said all right," said Scherling. "He (Ducote) claimed we would have cover for all the jobs."

"I basically just opened the doors and Ducote went in and took the stuff. We threw it in the car and drove away. I felt at the time the local police and the FBI were looking the other way but now they all disclaim this."

Scherling said he did his work during an "era of violence" and is quite sure it did some good.

"We set back the Chavez attempts to control agriculture which represented quite a communist threat to control this country's food production. It was a public-spirited thing. You have to remember the attitude of the 60's with peace riots and bombings and demonstrations."

Ducote was rounded up rather quickly when the legal noose began to tighten. Scherling was not linked with him until Ducote confessed to eight counts of fraud in an unrelated case in 1973, confessed about the '60's break ins and mentioned Scherling's name. On Feb. 3 Scherling was arrested.
